SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Normal Operations	Normal Operations	Normal Operations	Normal Operations

Cal OES INLAND REGION

Oroville Dam Spillway Scheduled Water Release, Butte County

On 03/31/19 at 1126 hours, the California State Warning Center was notified by the Department of Water Resources (DWR) that the Emergency Action Plan (EAP) for Oroville Dam High Flow Operations was activated. This is a precautionary measure only. No hazard or threat to the Oroville Facilities exists.

Per DWR as of [04/03/19 at 1639 hours](#):

- [Due to forecasted storms, DWR plans to increase total releases to the Feather River to up to 30,000 CFS starting Friday, 04/05/19.](#)
- [Main spillway releases are anticipated to be up to 21,500 CFS starting Friday, 04/05/19.](#)
- Oroville Spillway water release is going as planned.
- The Spillway is currently releasing water at a rate of [10,800 CFS \(cubic feet per second\)](#).
- The Hyatt Power Plant (at the base of the dam) is releasing 10,500 CFS
- Approximately 20,000 CFS is being released into the Feather River at this time.
- The outflow numbers are adjusted throughout the day as inflows fluctuate, but they will remain targeting 20,000 cfs for a total release until further notice.
- DWR will continue to notify local emergency management agencies and entities along the Feather River of significant changes in releases from Lake Oroville.
- Cal OES Dam Safety will stay engaged with the dam owner throughout the water release and keep the CSWC up to date if anything changes.
- The CSWC will continue to monitor the situation and provide updates as they become available.

Cal OES COASTAL REGION

- Nothing significant to report.

Cal OES SOUTHERN REGION

Presidential Visit, Calexico, Imperial County

- [On 04/05/19, according to the U.S. Border Patrol El Centro Sector, President Donald J. Trump will travel to Calexico to visit a newly completed section of the “promised border wall”. The President will also be participating in a roundtable with local law enforcement officials and will then proceed to a briefing and tour of the completed section of the wall.](#)

FIRE ACTIVITY

CALIFORNIA 911 SYSTEM

CA 911 Outages		
Northern California	Central California	Southern California
No 911 Outages	No 911 Outages	No 911 Outages

911 Outages/Remote/Community Isolations:

911 Outage, Santa Paula, Ventura County (New/Final)

On 04/04/19 at 0234 hours, the California State Warning Center (CSWC) received a report from CA 9-1-1 Branch advising Santa Paula Police Department (SPPD) experienced an outage. The PSAP was unreachable by phone.

- Frontier attempted to reach out to SPPD locally via Ventura County SO, and were unsuccessful.
- At that point they engaged SPPD's alternate answer switch to send all 9-1-1 traffic to the SO.
- Investigation was opened and the CA 9-1-1 Branch was contacted.

Update: 04/04/19 at 0207 hours, Frontier e-mailed the CA 9-1-1 Branch to notify that this outage is part of planned maintenance that was not been properly communicated through internal channels at the company.

- The outage lasted until 04/04/19 at 0749 hours.
- During that time 3,954 landline telephones in Santa Paula were unable to access to 9-1-1.
- Wireless 9-1-1 calls were answered by Ventura SO for the duration of the outage.
- Jurisdiction Affected: Santa Paula PD, PSAP was notified of the situation.
- RFO: Planned Maintenance, fiber repair.
- Wireless 9-1-1 calls were not impacted.

Service Interruptions:

- None reported.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- Hazardous mountain travel expected over 6000 feet late today through early Saturday morning.
 - Snow is expected to begin this afternoon increasing in intensity during the evening hours. Heavy snow and gusty winds are forecast Friday afternoon which will lead to hazardous travel over the mountains.
 - Snow will begin to diminish during the late evening and overnight hours Friday night into Saturday morning.

SOUTHERN CALIFORNIA

- Mostly cloudy skies are expected today as an upper level trough approaches the state.
- Clouds will remain across the area with chances for light rain late today through Friday, mostly north of Point Conception.
- A ridge of high pressure will build through the weekend into Monday bringing dry weather and warming temperatures.

WEATHER KEY POINTS

04/04/19 - 04/10/19

Thursday-Friday

- Rain showers begin today across northern California.
 - Moderate to heavy rainfall to northern and central California expected Friday
 - Localized flooding possible across northern CA. Widespread debris flow flooding is not expected. Ponding water is expected, especially in heavier rain showers.
 - Gusty winds to 35 mph are possible statewide with this storm, especially tonight into Friday
- Late season snow expected over the Northern Sierras passes above 6000 ft. today through early Saturday
 - The heaviest period of snow and gusty winds are forecast Friday afternoon

Saturday-Wednesday

- A series of weak storms will move across the far northern portion of the state with mainly light precipitation expected. No significant impacts from rain expected at this time.
- Windy conditions return to Southern CA Tuesday and Wednesday.

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2019-LAW-681, 04/04/2019 at 0705 hours**, AFRCC (#19M0173) reported, ELT activation at 4/3/2019 1926 hours, 33 40.0 N -115 45.2 W, near Chiriaco Summit airport, aircraft is a Helicopter, Tail #N922AW. Registered Owner (RO) information is out of date, according to AFRCC. Riverside County SO made ramp check at the airport and nothing located. Last coordinates 33 44.6 N -118 19.1 W (Long Beach, LA County). AFRCC has activated CAP. **MISSION ONGOING**
- **2019-LAW-667 04/03/2019 at 1330 hours**, IERCC reported a PLB activation (InReach) in Santa Barbara County at the following coordinates: LAT 34.823839 LONG -119.986002 (East of Manzana School Camp and West of Bald Mtn Canyon). RO message- Her and her dog, Pepper, are lost, dehydrated, cannot walk any further. Santa Barbara Sheriff Dispatch was notified and SAR was responding. RO and Pepper were rescued by helicopter; she declined medical. **MISSION CLOSED.**
- **2019-LAW-648, 04/03/2019 at 0736 hours**, AFRCC reported an ELT is sounding over an unknown area over Sacramento County. AFRCC activated Civil Air Patrol (CAP). CAP advised they located the ELT at Lodi Airport. The ELT was silenced in Aircraft N512J, no emergency. **MISSION CLOSED.**
- **2019-LAW-558, 03/29/19, 0851 hours:** Butte County Sheriff's Office, requested 2 HRD K9s for a Law Enforcement sensitive mission. Mission schedule for 04/05/19 at 0800 hours. Cal OES LEB canine coordinator is coordinating the request. **MISSION ONGOING**
- **2019-LAW-526, 03/27/19, 0830 hours:** Santa Cruz SO, requested 7 HRD canine teams to assist with a Law Enforcement sensitive mission. Mission scheduled for 04/06/19. Cal OES LEB canine coordinator is coordinating the request. **MISSION ONGOING**
- **2019-LAW-510, 03/27/19, 1915 hours:** Sacramento Sheriff requested Solano Sheriff to provide mutual aid for a dive recovery mission. On 03/26/19, a vehicle traveling on US 50 at Pioneer Bridge was involved in a collision. The vehicle traversed off the bridge into the Sacramento River. Due to the depth of the vehicle, and several identified hazards in the area, Sacramento Sheriff requested Solano Sheriff's Dive Team, specialized equipment, and personnel. On 03/27/19, Sacramento and Solano personnel conducted an assessment of the mission. It was determined that a specialized barge will be needed to safely conduct the recovery. CHP and Sacramento Sheriff are working in a Unified Command posture for this incident. Cal OES Law Enforcement Branch (LEB) Assistant Chief has assumed coordination of this incident, and scheduled an agency stakeholder meeting on 03/28/19. **Update, 03/29/19:** Sacramento and Solano Sheriff's dive teams will dive on 03/30/19 to locate and identify the truck, and attach marker buoys. The recovery phase will depend upon arrival time of an ordered barge & crane. **Update, 03/30/19:** Due to hazardous river conditions on 03/30/19, mission goals were not achieved. Efforts will continue on Monday, 04/01/19. **Update, 04/01/19:** Truck was located at the end of the day. Salvage divers will go down again on 04/03/19, to attach buoys. Once they secure the truck, the barge & crane will be requested. **Update 04/03/19:** Coordination, planning and permits between CHP, Sacramento SO, the contract salvage company, PG&E and Caltrans will take place in coming days to determine the safest course of action. This mission summary will be updated as progress occurs in Cal EOC only. This mission will no longer be reported on in the morning report, unless significant information needs relayed. **MISSION ONGOING**

Cal OES MISSION TASKING

Cal OES Missions

- **2019-SOUTHERN-621:** Request for Caltrans District 7 rock slide blasting on a county maintained road. Yerba Buena between PCH and Yellow Hill Road. (On Scene)
- **2019-SOC-275:** Request for Caltrans Engineer to provide initial technical assistance and determine the scope of the storm drain assessment project alongside city contractors for the town of Paradise. (Coordinating)
- **2019-SREOC-57753:** Requesting equipment to excavate material from under road culverts. (On Scene)

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
